1.2. Shadow DOM (QPK-474)	5

# 1. Test Defect Report

## 1.1. Verify Text (QPK-473)

**ID:** QPK-473

**Date:** 07/07/2022

**Jira:** shorturl.at/nRSZ5

**Status:** Pending

**Software version:** 2.0

**Browser:** Firefox Version 100.0.1.

**Description:** The webpage doesn't contain an element with the text "Welcome..."

**Steps:**

1. Go to <http://uitestingplayground.com/verifytext>.
2. Verify that there's an element on the page.
3. Validate that the element contains "Welcome..."

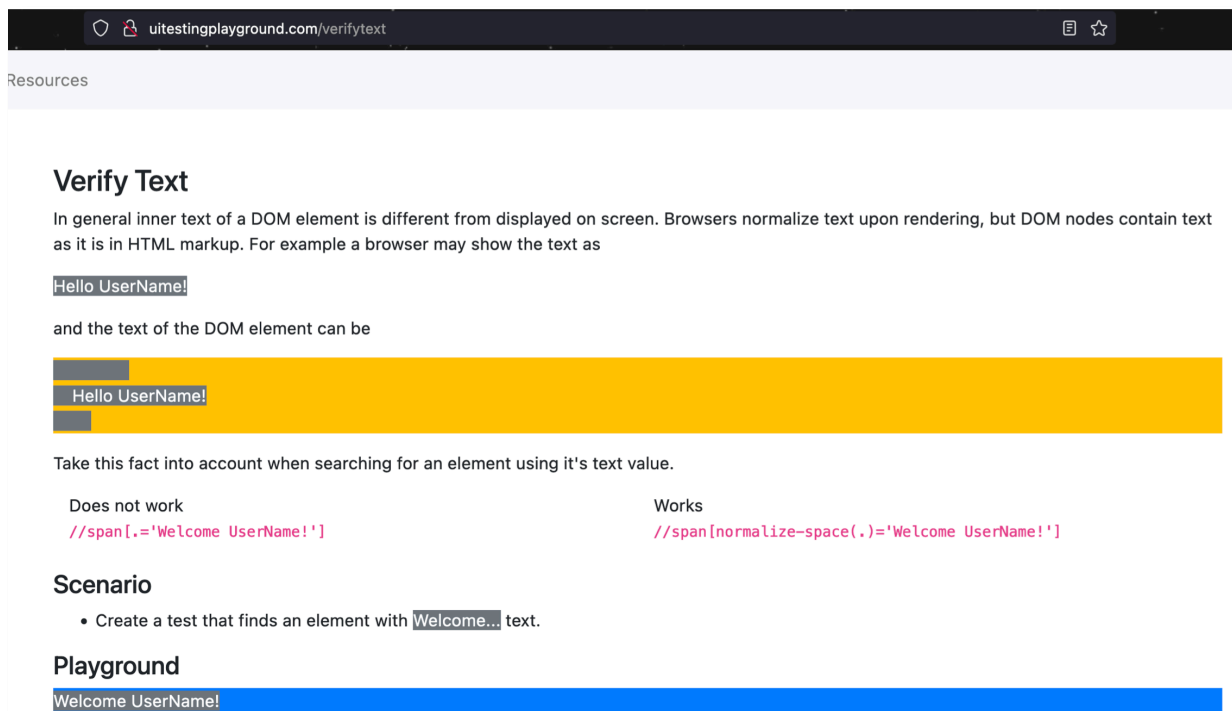

**Severity:** Low

**Level of Urgency:** Low

**Expected Result:** There should be an element on the page that contains the text "Welcome..."

**Actual Result:** There's an element on the page that contains "Welcome" but it's missing "..."

**Evidence:**

## 1.2. Shadow DOM (QPK-474)

**ID:** QPK-474

**Date:** 07/07/2022

**Jira:** [shorturl.at/GJKU2](https://shorturl.at/GJKU2)

**Status:** Pending

**Software version:** 2.0

**Browser:** Firefox Version 100.0.1.

**Description:** The “copy” button on the website doesn’t copy anything into the clipboard.

**Steps:**

1. Go to <http://uitestingplayground.com/shadowdom>.
2. Verify that there’s a GUID Generator on the website.
3. Click on the button to generate a new GUID.
4. Click on the button to copy the GUID into the clipboard.
5. Validate that the value on the input field and the value on the clipboards are the same.

**Severity:** Low

**Level of Urgency:** Low

**Expected Result:** There should be a GUID Generator on the website with two buttons and an input field that generates a GUID and copies to the clipboard. The text copied into the clipboard should be the same as the one in the input field.

**Actual Result:** There’s a GUID generator on the website with two buttons and an input field. One button generates a GUID but the other one doesn’t copy it to the clipboard.

**Evidence:**
